

Hugs & Kisses Kit

Make your home life better. For two weeks make a special effort to strengthen your relationship with a family member by showing love through your actions. Refrain from judging, criticizing, or speaking unkindly, and watch for positive qualities in that family member. Write notes of encouragement, pray for this family member, find ways to be helpful, and verbally express your love. Share your experiences and the divine qualities you've discovered with that family member or with a parent or leader.
